Snow Plowing Letter – Patricia Peters - absent (letter read by Clerk Kowalke due to Ms. Peters was not present): Discussion took place regarding snow plowing of Sunrise Township roads. Plow operators usually don't go out until the end of the snow fall. One path is gone down the middle of the road when there is a heavy snow fall to get passage done and then plow operators come back to clear streets. Snow needs to be pushed away as far as possible because you never know what kind of snow fall is going to happen on one given year. As a courtesy snow is always moved away from the buildings towards the far side of the road. As far as the Township is aware township owned roads and right of way.
